Working Together For Our Children

RESIDENTS HELPLINE

01 531 1110

Dear Resident

Welcome to Connect – the Resident newsletter which gives an update on construction works on the new children's hospital.

Construction work on the new children's hospital on a shared campus with St. James's is progressing well with the structural concrete frame, walls, slabs and columns now above ground level in the most advanced areas. Basement excavation and piling are now substantially complete. The mechanical and electrical fit out of the basement plant areas will commence in Quarter 2 2019.

The construction of the new children's hospital will be completed in Q3 2022. This will be followed by a period of commissioning and it will open in 2023.

The Paediatric Outpatient and Urgent Care Centre at Connolly Hospital is nearing completion to hand it over to Children's Health Ireland. Children's Health Ireland will operate the service and the centre is due to open this summer.

COMPLETED

- ✓ **Piling Complete**
- ✓ **Anchoring complete**
- ✓ **Capping complete**
- ✓ **Excavation substantially complete**

New permanent access road to open in Quarter 3 of 2019

As shown within the centre pages of this newsletter, a new permanent St. James's Access Road running from the Rialto Gate through to the St. James's Street Gate is due to open in Quarter 3 of 2019. The current existing St. James's Central Access Road is due to close in conjunction with the opening of the new road. At all times there will be access into the Adult hospital and its associated services including the Emergency Department.

Paediatric Outpatient and Urgent Care Centres at Connolly Hospital & Tallaght University Hospital

As part of the new model of care for paediatrics in Ireland there are two new Paediatric Outpatient and Urgent Care Centres currently under construction, one at Connolly Hospital and one at Tallaght University Hospital.

The Paediatric Outpatient and Urgent Care Centre at Connolly Hospital is nearing completion to hand it over to Children's Health Ireland. Children's Health Ireland will operate the service and the centre is due to open this summer. Decant works at Tallaght University Hospital are now complete and the new crèche, changing facility and offices are open. Construction work on the 4600m² Paediatric Outpatient and Urgent Care Centre started last month and is due to open in 2020.

Connolly & Tallaght Paediatric Outpatients & Urgent Care Centres at a Glance

50,000
Urgent Care attendances per annum

10

Urgent Care Assessment Cubicles in each centre

Orthopaedic Fracture Clinics

6

Short Stay Observation Beds in each centre

Radiology Department providing **x-ray & ultrasound**

Co-located with adult teaching hospitals at **Connolly and Tallaght**

Part of a **clinical network of care** with the new children's hospital in line with the National Model of Care for Paediatric Healthcare Services in Ireland

Over **32,000**
Outpatient Department attendances per annum

General Paediatrics
Clinics including Rapid Access

A message from St. James's Hospital

FAYRE IN THE SQUARE IS BACK

Our Tuesday food market The Fayre in the Square is back for 2019, starting April 2nd from 11am to 3pm at main entrance to the hospital.

Many of the old favourites will be back including Jarú, Korean Burrito, Days Kitchen, Taste of Syria, Agatrix Nutrition, Galo, Bike Caffee and we've added some great new stalls as well including Shoots and Roots offering a wonderful array of delicious and nutritious salads and Burger Republic will be cooking up their highly regarded gourmet burgers.

This is the 3rd year of the Fayre and it has proven to be a great success with our staff and visitors. There is nothing quite like the freshness and authenticity of food prepared at a market stall. Add in good weather and good company it makes for an enjoyable lunchtime. If you are looking for something different for lunch during the week join us at the Fayre every Tuesday. Our local community are particularly welcome. Follow James's on twitter and Facebook to keep up to date on the "Fayre".
